# COMPANY PROFILE

---

Ultra Aluminium & Glass is a premium supplier of high-quality aluminium, glass and hardware products for commercial and residential projects in Africa. Strategically positioned with branches in Midrand and Sandton, South Africa, Ultra Aluminium & Glass is able to supply products to any construction site not just in South Africa but the rest of the region as well.

Our clients are our number one priority which is why we always ensure that our clients are satisfied with the products, service and price they receive. Through our business network and affiliated property development company, we are able to test the quality of our products first-hand, which is why we are confident that we offer only the very best to the construction market.

## **Quality**

You can be assured of our quality and commitment to providing you with the best products and service

## **Price**

We offer the best prices on our products to ensure you get more out of your building budget!

## **Efficiency**

We offer same-day free delivery on orders so you do not need to waste precious time organizing or waiting for deliveries!
